

Now Offering

Please be informed that Carrier has discontinued the TopTech brand and transitioned these items to the VIVE product line.

We are pleased to now offer **VIVE filters**. Refer to the cross reference below for a complete list of new item numbers corresponding to the obsolete part numbers.

Pricing is available on request.

In stock • On time. Everytime.

VIVE
COMFORT

MERV 11 MEDIA AIR CLEANER

The Vive™ Media Air Cleaner helps reduce dust, mold spores, and other allergens to help maintain HVAC equipment at high efficiency levels.

HIGH EFFICIENCY FILTRATION

The Vive™ Media Air Cleaner utilizes a best in class MERV 11 filter that traps 100 times more airborne particles than traditional disposable fiberglass filters.

FILTER MEDIA

The pleated filter utilizes the electrostatically charged, 100% synthetic media to provide significantly higher particulate efficiency than regular poly/cotton media pleated filters with low pressure drop.

FEATURES:

MERV 11 filtration performance.

- Cabinet sizes for Air Handlers & for Furnaces.
- Utilizes standard size filter media.
- No custom sizes to order.
- Includes mounting hardware and insulating gasket for attaching cabinet to ducting and equipment.
- Easy filter size identification printed on door label.
- Fully insulated cabinet and door.
- Solid 22 gauge painted steel cabinet.
