CAN BE USED WITH

eExact iDip

## ONLY LEVEL 1 NSF®-50 CERTIFIED WATER TESTING SYSTEM

Water is an essential part of every household and to ensure an active, healthy life, clean water is mandatory. That's why it's important to know exactly what's in the water we drink as well as the wastewater effluent which eventually ends up in our water supply. Our eExact iDip® Test Kits are the perfect insurance to safeguard quality water for all systems.

Certified to NSF/ANSI Standard 50

The eExact iDip® Tap Water Professional Test Kit is the latest generation test kit that combines two state of the art water quality test instruments. The first is the revolutionary eExact iDip® Smart Photometer System which integrates patented 2-way wireless communication with any compatible iOS or Android smart device and has the potential to test over 40 water parameters. The second is the eExact® pH+ Smart Meter system which capitalizes on electrochemistry technology combined with Bluetooth connectivity.
