

HYDRO LIFE™

WATER FILTRATION SYSTEMS

COMMERCIAL SERIES LINE

200 SERIES

Hydro Life 200 Series Filtration System

The 200 Series Filtration System removes rust, lead, dirt, chlorine, limescale, unpleasant taste and bad odor from your water. This system is ideal for slush equipment, water fountains, OCS equipment, coffee urns, and hot and cold cup vending equipment. Hydro Life uses Granulated Activated Carbon to control taste and odor, while patented KDF Media prevents bacteria growth and reduces limescale, saving your equipment from costly repairs. The Hydro Life 200 series water filter system and cartridge is easy to install, and cartridge replacement is simple and reliable. The 200 Series adapts to any incoming water line. The 200-E adapter kit provides easy in-field installation to retrofit existing systems. High quality water is essential for beverage equipment to operate efficiently, better tasting beverages, more satisfied customers and ultimately your bottom line.

APPLICATIONS:

- Slush Equipment
- Water Fountains
- OCS Equipment
- Coffee Urns
- Hot & Cold Cup Vending Equipment

REDUCES OR CONTROLS:

- Algae/Slime
- Organic Contaminants
- Taste/Odor
- Limescale
- Bacteria
- Chlorine
- Lead and other Heavy Metals

SPECIFICATIONS:	200	200-E
Height:	13 1/2"	13"
Width:	3 3/4"	3 3/4"
Depth:	4 1/4"	3 3/4"
Inlet/Outlet:	3/8" FPT	Everpure® Adapter
Capacity:	3,000 Gallons 11,400 Liters	3,000 Gallons 11,400 Liters
Flow Rate:	1.5 GPM 5.7 LPM	1.5 GPM 5.7 LPM
Working Pressure:	20-100 PSI non shock 1.38-6.89 Bar	20-100 PSI non shock 1.38-6.89 Bar
Maximum Operating Temp:	100° F / 38° C	100° F / 38° C
Quantity/Case:	6	6
Cartridge	250 included	250 included
Fitting included	✓	✓
