300
SERIES

The Hydro Life 300 Series Filtration Systems

The 300 Series Filtration Systems (300/300-G, 300 TWIN, 300 TRIPLE, 300-HF) remove rust, lead, dirt, chlorine, limescale, unpleasant taste and bad odor from your water. These systems are ideal for steamers and ice machines of all sizes. Ninety percent of ice machine problems are water related. Protect your ice machine from costly maintenance and repair cost with quality Hydro Life water filters. Hydro Life uses Granulated Activated Carbon to control taste and odor, while patented KDF Media prevents bacteria growth and reduces limescale, saving your equipment from costly repairs. High quality water is essential for beverage equipment to operate efficiently, better tasting beverages, more satisfied customers and ultimately your bottom line.

REDUCES OR CONTROLS:

- Algae/Slime
- Organic Contaminants
- Taste/Odor
- Limescale
- Bacteria
- Chlorine
- Lead and other Heavy Metals

COMMERCIAL SERIES LINE

APPLICATIONS:

300/300-G

- Ice machines
- Steamers
- Other equipment where a prefilter is not needed

300 TWIN

- Ideal for ice machines, and steamers
- Prefilter included

300 TRIPLE

- More effective in heavy limescale applications for ice machines, and steamers

300-HF

- For larger ice machines and other equipment that require higher flow
